STEVE ALDRIDGE PROMOTED TO VICE PRESIDENT

LIBERTYVILLE, IL. – (April 8, 2010) – Aldridge Electric announced today that Steve Aldridge has been promoted to vice president of the Power Division. Since its incorporation in 1952 by his grandfather Len Aldridge, the company has expanded to six divisions and has office locations throughout the United States.

Aldridge's career started in the field more than eight years ago where he spent three years as a Local 9 electrician. Since 2005, he has held a variety of project management roles with increasing responsibility within the highway, airport and power divisions. He holds a Bachelor of Science degree in Business from Purdue University in West Lafayette, IN.

As vice president and a leader within the company, Aldridge will guide the development of the overall leadership structure and strategic plan as well as create goals for the operational and financial objectives of the power division.

About Aldridge Electric

Recognized as one of the largest specialty electrical contractors in the nation, Aldridge Electric Inc. specializes in high profile, fast-track, public and private electrical construction projects and turnkey drilling solutions. With over 57 years of experience and an outstanding safety record, Aldridge serves customers in the rail transit, airport, highway, industrial, commercial, and utility sectors.
